Really Great Reading® Classroom Setups K-5

For 17 years, Really Great Reading has been a pioneer in evidence-based Science of Reading foundational instruction. We help schools avoid special education referrals, raise reading scores and turn struggling readers into learners that can access content across the curriculum.

In ShopDOE, please use the below instructional bundles/classroom setups for K-5th.

Each includes all the materials one teacher needs for teaching 20 students and has a set Lesson Plan Teacher Guides, a teacher presentation Online Tool, 10 Letter Tile Student Kits, 20 Student Workbook sets, 20 student practice Reading Playgrounds (includes phonics, vocabulary, and handwriting practice), a Virtual Implementation Teacher Training Course, and a Vowel Poster Set.

Really Great Reading's Countdown for Kindergarten

Are you embarking on a second year of implementation or beyond?

Be prepared for back to school. For each classroom, renew your **Countdown Online Tool**, a teacher presentation tool that is an essential companion to your teacher guide lesson plan set.

For each student, order a **Countdown Student Workbook**, and a **Countdown Reading Playground**. Student practice is essential in teaching foundational reading and phonics. It boosts student outcomes and allows students to solidify the connections between written letters and sounds, develops fluency in decoding words, and improves reading and spelling.
